

My name is Alan, and this is my design resumé.

I am a graphic designer and photographer who lives in Southeast Michigan. My portfolio is on the web for you to look at:
(www.alanlanguirand.com).

Alan Languirand

(lang - ear - and)

it's French, but it ends up being lots of things to lots of people.

Currently

I recently graduated from Eastern Michigan University with a BFA in Graphic Design and Photography. I am seeking employment as a Graphic Designer.

Experience - Jobs

Graphic Design Intern, Ducks Unlimited, Ann Arbor MI - 2008 - Present

I am currently interning with Ducks Unlimited, the nation's oldest wetlands conservation organization. Although an intern, I am the only designer and am responsible for all the print jobs that go out in the Great Lakes / Atlantic region (18 states).

Graphic Design Intern, Maximum Design, Ann Arbor MI - 2008

I interned with Maximum Design, an Ann Arbor based graphic design company. It is a small studio with only four people. With Maximum Design, I worked to help develop print and web projects for area businesses.

Graphic Designer, Eastern Michigan University, Ypsilanti MI - 2005 to 2008

I have done graphics work for the university since being enrolled as a student. I have done work for Dining Services making POS signage, developed advertisements and identities for student organizations with Campus Life, and also re-developed the Campus Life web site, Eastern Michigan's largest departmental web presence.

More Experience

Study Abroad - Photography Studio and Art History in Paris

I studied Art History and developed a small body of photography work as part of a study abroad trip to Paris, France in the Spring of 2007. The class was taught mostly in museums in Paris by the head of the EMU art department, and a Dr. of Art History.

AIGA - Student Group President 2007-2008 School Year

I coordinated events and meetings for the student members of the local AIGA chapter.

Web Design Workshop

As an extension of my role in the AIGA student group, and my position as webmaster for the university, I took over a night of open lab and taught a small workshop about how to setup and code online portfolios.

Education

Graphic Design and Photography (Dual Major), Eastern Michigan University, BFA 2005 - 2008
College of Southern Maryland, 2002 - 2005

Software and other skills

Fancy

Photoshop, Illustrator, Indesign, Lightroom, PHP, HTML, CSS, JavaScript, Writing, Baking Chocolate Chip Cookies.

Adequate

Dreamweaver, After Effects, Flash (AS 3.0), Storyboards, Stencils
